Local Communications, Advertisements, etc.,
especially solicited. A free space medium of
local information. It aims to give all the
news of local importance, and to discuss all
subjects fearlessly and impartially, giving its
readers full freedom of opinion as to its value
for itself, and its only objectionable feature
being its personal attacks on individuals, and
its use of untruthful statements of doubtful
value. All who appreciate and are willing to sustain

Pythias, will be held at South Amboy,

on Labor Day.

Several lights of glass in the lecture

room of the First Presbyterian Church

were broken during the week. It is sup-

posed that the small boys have been

amusing themselves by smashing win-

dows.

Christian Wertz of Mill Street, caused

the arrest of his neighbor, John Stud-

mann, during the week, for assault and

battery with intent to kill. The two

men have had several disputes. Wertz

purchased some eggs at Baldwin's store,

and when on his way home he met

Studmann, who ran against him, break-

ing the eggs. This enraged Wertz, and

he threw the broken eggs at Stud-

mann and ruined his clothes. The lat-

ter turned on Wertz and gave him a

severe beating, throwing him to the

ground and kicking him. His cries for

help aroused the neighborhood and he

was rescued. Dr. Ward was called and

attended to Wertz's injuries. Police

Justice Hall bound Studmann over to

appear before the Grand Jury.

L. A. W. Notes.

New Jersey was well represented at

the eighteenth national meet of the

League of American Wheelmen held at

Philadelphia, Pa., last week, under the

auspices of the Associated Cycling Clubs

of Philadelphia. The souvenir program

was a work of art.

Membership August 13, League of Ameri-

can Wheelmen: new, 911; total, 92,744.

New Jersey Division, new, 81; total, 6,097.

List No. 19, to July 31, has 995 L. A. W.

renewals; N. J. Division has 101.

Dr. Wright of Montclair, N. J., presents

a map of that town to such applicant whose

name he is allowed to send to the secretary.

According to the figures submitted by the

General Superintendent of the Long Island

Railroad, by closely packing bikes in a full

sized baggage car, the car can be made to

hold 300 to 325 wheels.

There are two instances where wheelmen

should waive the right of the road—the first,

when passing a heavily-loaded team when

the right side of the road is the beaten path,

and the other in passing a fellow-wheelman

coming up a grade under the same condi-

tions. A little common decency under the

circumstances will probably not be the cause

of any serious inconvenience and will afford

the other fellow a better opportunity to

enjoy his ride.

Now that the National meet is over New

Jersey must prepare for their annual meet,

which will probably be announced at the di-

vision meeting, which is to be held on Aug-

ust 23. Last year's meet was one of the

most successful ever held by our division,

and the race committee will have to "lump

itself" to surpass it.

Why don't you send in your application

for membership in the N. J. Division, L. A.

W. ? You believe in "Go to Roads," you

want legal protection in case of accident,

and you want the right of the road? Well, all

of these things are looked after by our di-

vision, and in addition you will receive a re-

duction at league hotels and repair shops

and will receive the N. J. Road Book free,

which will show you our "Good Roads" and

help you to lay out a new road, or to

road book. Ask to see it. Any local

council or State representative will show it to

you.

Securing new members is all right, but

more attention should be paid to a wiring

renewal, for we are all forgotten and are

apt to lay aside the matter until it is time to

renew. If a person application does

not come in, it is a good thing to send it
